

Extraction table with extraction by table top. Applicable as glueing, grinding, polishing, welding or manual cutting table.

- Lengths: 1000 to 2500mm
- Widths: 1000 or 1250mm

Description

- Process air is led in through table ribs and out through outlet at table end.
- Table is easily regulated in height by leg bracket.
- Dust is collected in dust container in table bottom.
- Staff can freely move on the 3 sides of the table. On the 4th side the outlet is located.

Advantages

Ergonomic table, where the height can be adjusted to the user. Free access from 3 sides.

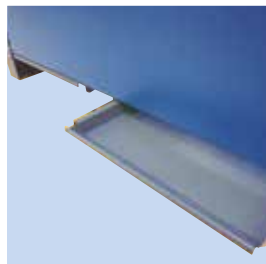

Easy mounting and connection

The table is delivered fully assembled. The table must simply be adjusted in height as well as connected to piping for filter unit and fan. Filter units type CJF, ACF and FRS can advantageously be used.

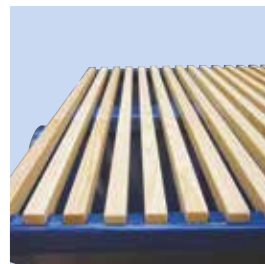

Outlet

Easy connection to central extraction by outlet in table end.

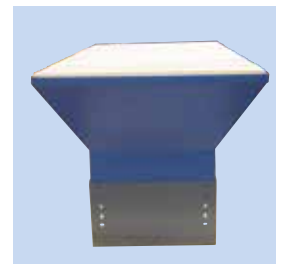

Dust container

Easy to open and empty.

Slats

Table is standard supplied with wooden slats. Max. load: 150kg/m

Design

Table design makes work from 3 sides possible.
