

For all forms of surveillance, also Gram pressure guard, we can deliver a wide range of signal devices for optical as well as audible signaling.

Picture	Description	Order no.
	Permanent beacon	
	Elegant beacon with permanent light suitable for indoor and outdoor use. Is delivered standard for Gram pressure guard type L (red). Also available in green and yellow design.	
	Housing:	High-impact thermoplastics (ABS), black
	Dome:	Transparent
	Bulb:	BA 15 d, 5W, 230V
	Protection rating:	IP 54
	Permanent beacon - red	09 400 500
	LED-bulb 360°-light	
	Voltage:	240V AC/DC
	Measurement:	20x45mm
	LED:	6 pcs., BA 15 d
	Colour:	White
		09 402 500
	Flashing beacon	
	Noticeable beacon with blinking light suitable for indoor and outdoor use.	
	Housing:	High-impact thermoplastics (ABS), black
	Dome:	Transparent
	Blink frequency:	Approx. 1Hz
	Main frequency:	50Hz
	Voltage:	230V
	Current consumption:	140mA
	Protection rating:	IP 65
	Flashing beacon - red	09 403 000
	Flashing beacon - yellow	09 403 100

	Beacon with high power flash	
	Very noticeable beacon with high power flash for indoor and outdoor use.	
	Housing:	
	Hætte:	
	Blink frequency:	
	Main frequency:	
	Voltage:	
	Current consumption:	
	Protection rating:	
	Beacon with high power flash - red	09 404 000
	Acoustic sounder	
	Enclosed electronic buzzer with continuous tone	
	Housing:	
	Audio frequency:	
	Main frequency:	
	Voltage:	
	Current consumption:	
	Protection rating:	
	Audio level:	09 405 000
	Signal device with acoustic sounder	
	Beacon combined with buzzer. A very loud and light-strong solution with a separate connection of light and audio.	
	Housing:	
	Signal effect	
	Audio frequency:	
	Tone type:	
	Voltage:	
	Current consumption:	
	Protection rating:	
	Audio level:	
	Signal device with acoustic sounder - red	
		09 406 200

Besides the sortiment mentioned above it is possible to request special signal devices. For example beacons with other colours, beacons with several colours, stronger horns and sounders as well as signal devices with combined functions.
